

Bella,

Please listen. Both Edward and I love you. If you become a Vampire, I most of all will lose you forever. You do know that if they turn you, the treaty is over and we are allowed to, well, attack. Bella, no one can live forever. How do you know that you would even be happy being immortal?

Bella just please don't become a vampire.
I love you. I don't want you to be taken away from me.
I'm begging you. Don't do this.

Love,

Jacob
